

Programs Integration and Sustainability Discussion

Facilitated by Ron Brooks and Sophia Zamudio-Haas

7th Grantee Meeting, Friday, November 18, 2016

Sustainability + Alternate \$

- CDC – ARTAS + peer model
 - Use evaluation data for funding proposals
 - Partnering with clinics: retention data
- Community engagement + testing
- Integrate into prevention program
- NY – SPNS Jail Project used data for NYC Funding – Ryan White Part A
- Integrating low/no cost components of intervention into other work at agency
 - Tools
 - Transnational approach
- DOH linkage + MCM funds

Demonstration Project Adaptions

- Consider changing length/frequency
- Expanding priority population – all Latinos
- Package as case management or medical case management

Beginning the Process

- Gather data to demonstrate impact
- Present to planning councils; part Bs; DOH
- Consider framing angle
- Consider adaptation to project
- Consider integrating components into current work
